The prices quoted in this issue are latest market quotations up to and including October 15, 1915.

The purpose of this catalogue is to present a comprehensive idea of the complete assortment of fancy and staple groceries, wines, liquors, cigars, perfumes, etc., carried in our stock. Everything listed herein can be relied upon to be of high quality, and is so guaranteed by us. If our service or merchandise should prove unsatisfactory in any manner we would appreciate being informed, as we are then enabled to make the corrections that are needed, and improve our service thereby.

Our policy is to render complete satisfaction, and we are always willing to make amends when we are at fault.

MAIL ORDERS

For the convenience of out-of-town patrons we conduct a Mail Order Department which is equipped to handle orders and inquiries promptly and accurately.

Groceries can be purchased, here, as efficiently as in person—with the knowledge that goods will be packed and shipped properly. Since the inauguration of the Parcel Post system, transportation facilities have improved to a great extent. While we prefer to have the buyer specify the method of shipping, if specifications are not given we can be relied upon to use the proper judgment, taking into consideration the nature of the goods, time to be consumed en route, cost, etc. Let us demonstrate to you real satisfaction in the foods you eat—and that we can render you service by mail that is everything you could desire.

In the next column, and on page 49, will be found our shipping allowances, and information for ordering by mail. If our suggestions are followed satisfaction is sure to result.

FREE DELIVERIES AND ALLOWANCES

EXPRESS

On orders of $5.00 or more (not consisting entirely of heavy staples, such as flour, sugar, mineral waters, etc.), we will deliver free to any express office within 50 miles of San Francisco by express. Beyond 50 miles we will allow a discount of 3 per cent from the total amount of orders of $5.00 or more, and 4 per cent on orders of $25.00 or more, excepting when order consists entirely of heavy staples. See page 49 for express rates.

FREIGHT

On orders of $5.00 or more we will ship to any Freight station within 100 miles of San Francisco by FREIGHT prepaid. Beyond 100 miles we will allow a discount of 3 per cent on orders of $5.00 or more, and 4 per cent on orders of $25.00 or more, excepting when order consists entirely of heavy staples.

PARCEL POST

Patrons desiring packages sent by this method may have them sent at their own expense. Packages weighing from 1 to 50 pounds may be forwarded to points within 150 miles of San Francisco. Beyond that distance the weight limit on single packages is 20 pounds. Orders for tea at $1.00 per pound are sent postage free. See page 49 for rates and information.

SUGGESTIONS

Write plainly and use our order blanks if possible. We will be glad to send a supply on request.

Specify how to ship, and show name of freight or express station as well as post office address.

Always state size of cans or bottles, and if we may substitute the nearest size or brand in case we are out of what you ask for.

When coffee is ordered state if wanted in the bean or ground coarse, medium or fine.

REMITTANCES AND CHARGE ACCOUNTS

The safest method of remitting is by express or post-office money order, as these can be replaced if lost. Personal checks will be accepted from persons known to us. If currency or coin is sent the letter should be registered.

We will gladly open a charge account for the convenience of responsible persons upon receipt of satisfactory bank or business references. On such accounts our terms are 30 days, net cash.

CRACKER DEPARTMENT

DR. JOHNSON'S EDUCATORS

Educator Crackers are made from carefully selected grains, which are ground by the old mill-stone process. This conserves the full food value of the receals. They are baked in ovens so constructed as to bring out the rich, sweet, nut-like flavor, that is delightfully pleasing and satisfying, and nourishing as well.

Educators are packed snugly in attractive tins, and they reach you fresh and crisp.

COFFEE DEPARTMENT

We Import Our Coffees Direct

from the plantations of the various coffee producing countries. Our expert coffee buyers rigidly test samples of every shipment before accepting the coffee for our trade. When the buyers accept the coffee it is roasted as needed in our own roasting plant. Here we employ experts who understand thoroughly the roasting and blending of coffees. Good coffee has always been a hobby with us, and we spare no expense or trouble to produce the most delicious, satisfying blends. Remember, our coffees are roasted in our own plant, every day, and just enough to meet the day's requirements. This ensures fresh coffee at all times.

A Delicious Cup of Coffee

The finest grade of coffee will produce a poor beverage unless properly brewed. Too often is the quality of coffee condemned, whereas the fault is really in the way it was made. Read these directions, follow them, and you will bring out the full deliciousness and satisfaction that is to be found in good coffee.

For the ordinary coffee pot use a tablespoonful of medium ground coffee for each cup desired. To this add as many cups of water as there are tablespoons of coffee. Bring to a boiling point, BUT DO NOT LET IT BOIL. Then stir in a beaten white of an egg, and let the coffee stand for six or seven minutes before serving. If you use a percolator, have the coffee ground medium fine. For the French or Drip coffee pot the coffee should be ground very fine. In all cases use a tablespoon of coffee and a cup of water to each cup of coffee wanted.

The coffee pot should be thoroughly cleaned and scoured each time after it has been used.

When ordering coffee always state if you want it whole roasted, medium or fine ground.

BAR SUGAR

Hawley's Excelsior Bar Sugar is used for fancy frosting, bakers' use, and is especially adapted for general bar use. It is manufactured by an improved process and will dissolve instantly in all liquids. It is put up in 33 1-3-lb. cans and for shipment out of town is enclosed in a wooden box. This mode of packing prevents it from caking.

KITCHEN HELPS

COOKERY HINTS

Fish may be scaled more quickly if dipped in boiling water for a moment.

When cooking potatoes or vegetables of any kind, a granite pan containing canned vegetables or left-overs which merely need to be warmed, may be set over the top of the kettle. This means quite a saving of gas in the long run.

A well-beaten white of egg added to mashed potatoes, whipping the potato hard before serving, will add to the looks and taste of the dish.

In mixing liquids with solids, add the liquid to the solid by degrees. They will blend more readily.

The whites of eggs will whip more readily if a pinch of salt is added to them. If the eggs are placed in cold water for a time before being broken, they will whip easily.

To prevent milk or cream from curdling when used in combination with tomato, add a bit of bicarbonte of soda before they are mixed.

A small quantity of bicarbonate of soda, stirred into milk or cream, will keep it from souring in hot weather.

TABLE OF PORPORTIONS

1 cup flour=$\frac{1}{4}$ lb.
1 cup liquid=$\frac{1}{2}$ pint.
1 cup solid butter=$\frac{1}{2}$ lb.
1 cup granulated sugar=$\frac{1}{2}$ lb.
1 cup pulverized sugar=$\frac{1}{2}$ lb.
1$\frac{1}{4}$ cups powdered sugar=$\frac{1}{2}$ lb.
1 cup meal=1-3 lb.
4 tablespoonsful of liquid=$\frac{1}{4}$ cup.
1 wine glass=$\frac{1}{2}$ gill.

A TOMATO RAZZLE-DAZZLE

Scrape out the tomato pulp, leaving the shells, and fill with a stuffiing made from one tablespoonful of chopped bacon, one-half cupful English walnut meats, chopped, four tablespoonfuls of stale bread crumbs, one teaspoonful minced parsley, a shred of garlic, one teaspoonful of lemon juice and one teaspoonful of finely minced onion.

Set the tomatoes in a baking dish, cover with buttered bread crumbs and bake until chestnut brown in color. Just before sending to the table, squeeze over them the juice of one lemon.

SARDINES A LA CREOLE

Drain Lazeran sardines and lay on strips of toast. Partially cover with Tomato Sauce and grated cheese. Brown in a hot oven.

MEASURING HINTS

A cupful of liquid means all the cup will hold.

A spoonful of liquid is all the spoon will hold.

Salt, flour, seasonings, spices, butter and all solids are measured level.

To measure a level spoonful, dip the spoon into the dry material, taking up a heaping spoonful, then level it off even with the edge of the spoon with a knife.

To measure a part of a spoonful, cut lengthwise of the spoon for the half and crosswise for the quarter.

A tablespoonful of butter melted should be measured before melting.

A tablespoonful of melted butter should be measured after being melted.

Measure a cupful of cream whipped before it is whipped.

Measure a cupful of whipped cream after it is whipped.

Always sift flour, salt, baking powder, spices, powdered sugar and soda before measuring. If measured in a solid state before sifting much more than the quantity called for will be used.

WELSH RAREBIT

$\frac{1}{2}$ teaspoonful Extract of Beet
1$\frac{1}{2}$ pounds New York Cream Cheese
2 eggs
$\frac{1}{2}$ cupful cream or beer
$\frac{1}{2}$ saltspoonful paprika
Salt to taste

Directions for Preparing

Cut the cheese into small pieces; put the cream or beer in dish over hot water pan; as soon as hot, add the cheese. Stir until melted, then add the eggs, well beaten, and the Extract of Beef, first dissolving the Extract in one tablespoonful of water. Season and serve on hot crackers or toast.

CREAMED LOBSTER

$\frac{1}{2}$ teaspoonful Extract of Beef
1 can lobster
1 tablespoonful flour
$\frac{1}{8}$ teaspoonful paprika
1 pint cream
2 tablespoonfuls butter
$\frac{1}{8}$ teaspoonful salt

Directions for Preparing

Melt butter in chafiing dish; add flour, stirring constantly. Add cream and let it cook until it begins to thicken. Add Extract of Beef (dissolved). Season and add lobster and heat slowly. Served with brown bread or toast.

BON VOYAGE!

TO a friend leaving on an ocean journey, we do not know of any token of remembrance that is more appreciated and acceptable than a Bon Voyage basket.

We can make up a basket at any price you care to pay, fill it with fruits, candies and other dainties tastily arranged, and deliver it to the steamer. The "goodies" help to make a long journey pleasant.

Westphalian hams are not recommended for shipment out of town. They are sold at all times at marked weights and buyer's risk. We bone and boil ham for 50c.

Hams for export are cured and packed with unusual care, and curers use every precaution to guard against spoiling, but they cannot guarantee hams to keep in all climates, especially where it is very warm. We, as shippers, cannot therefore entertain claims for hams spoiled.

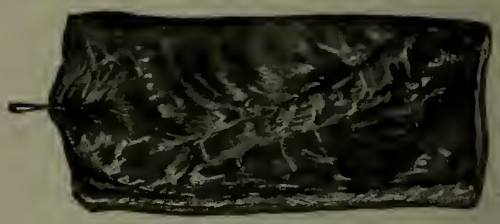
LAYTON BACON



Costs no more than ordinary Bacon because it is superior in quality. If you have not already tried it *there is a treat in store for you.*

Not too fat—nor too lean—the just right bacon. **LAYTON BACON** is the right bacon for the American people---the bacon that satisfies. *Insist upon Layton Bacon.*

No larder is complete without **LAYTON'S DELICIOUS HAM.** A treat for Sunday morning and every other morning. Look out for the seal with **"LAYTON"** on it. *And don't forget* **LAYTON KETTLE RENDERED LARD.**

The Layton Company was established in 1845.

DAIRY PRODUCE

BUTTER, EGGS AND CHEESE

This department is a special feature of our business and is in charge of one of our managers, who has had the immediate supervision of it for years.

He knows that GOLDBERG, BOWEN & CO. want not only GOOD butter and eggs, but that they demand the BEST, as they cannot maintain their reputation as MASTER GROCERS by anything less than the very finest.

We cannot quote prices here, as the market is constantly changing.

All butter is sold in strictly full weight squares of two pounds each.

"M" BUTTER

This butter is the finest that is made in California. It is churned from the cream of Jersey cows only and then it is worked and iced until it is as perfect as is possible to make it.

For those who like a firm, clear, delicately flavored butter, the "M" butter will meet their requirements in every way.

We ask but a slight advance over the price of the ordinary table butter, but the difference in quality is so pronounced as to make it well worth the few extra cents.

HAZELNUT

Cream of the Dairies

Under this label, we send out a fine grade of table butter, which should satisfy the demands of the most fastidious housekeeper. It is made especially for us in one of the cleanest and most up-to-date creameries in the State, and it MUST be good butter or we wouldn't let it get past our front door.

FIRKIN

During the winter months of the year we carry in stock the best grade of cold storage butter that is made. It makes a fair table butter, and is especially adapted for cooking uses, when the finest creamery butter is selling at the maximum figures.

Quality *and* Economy

are always found together. Good foods mean good health, and good health brings happiness and prosperity.

Whenever you see prices quoted lower than ours—beware! Investigate the quality of the foods offered you. There's a reason! You cannot afford to be misled, by a low price, into buying inferior, second or third grades of food. To do so would be an injustice to yourself.

Our motto has always been *Quality First*—and the prices we ask are just what the goods are worth. With everything we sell is a guarantee of satisfaction—both as to quality and purity.

It is fitting that superior quality be coupled with superior service. We offer our patrons service that has been brought to a point of efficiency that only years of study and hard experience can produce.

WHY WE RECOMMEND RHINE WINES

Because they are light and palatable and very healthful, and are delightful for banquets or home table use.

THERE ARE MANY DIFFERENT VARIETIES OF

RHINE AND MOSELLE WINES

but those bottled by Henkell & Co., of Wiesbaden and Biebrich, Germany, are unquestionably the best

FLOUR

Excelsior and Our Choice flours are our own private brands. They are made specially for us, and the makers are instructed to spare no pains regarding quality. They are recommended by us as superior to advertised brands and are made especially for users of choice flour. Only on account of not being extravagantly advertised, we are able to sell them at the same price as the advertised brands.

Isn't it folly to pay 25c for an Imported cigar, when "Flor del Mundo" Imperiale at 12½c is its equal from every view point?

Flor del Mundo

Havana Cigars

MADE IN TAMPA

The "Flor del Mundo" contains the same Havana tobacco, and is rolled by the same class of Cuban makers, under the same climatic and better workroom conditions as the imported brands—the sole difference being duty, which we have never found added to the QUALITY of the cigar.

ABOUT SHIPPING

WHEN YOU SIGN FOR GOODS

If you give the Express or Railroad Companies a clear receipt for your shipment you relieve them from further responsibility, and they cannot be held responsible for shortage or damage which you may discover later. Before you sign a receipt examine the package carefully and if it is evident that the package has been tampered with or roughly handled, open it in the presence of the agent, and see if anything is short or damaged. If so, receipt for the shipment "in damaged condition," and have the agent O. K. it. Then notify us and we will place a claim for you.

WHY WE RECOMMEND FREIGHT SHIPMENTS

You can ship more for your money by freight than by any other means of transportation. As a rule, several hundred pounds by freight can be sent as cheaply as only a few pounds by express. The wise housekeeper figures just what will be needed for the coming month or so and orders accordingly. By doing so she saves a great deal in transportation charges, takes advantage of quantity prices, as well as our freight allowance. Of course, it is not advisable to ship anything perishable byfreight—such goods should go by express, but heavy goods, as canned fruits and vegetables, sugar, flour, coffee, rice, etc., should be shipped by freight, as it is much the cheaper way. However, it costs as much to send 20 pounds as it does for 100, so make your order as large as possible.

PARCEL POST

On small packages, and where there is no express or freight office, goods can be sent by mail at a nominal expense. We insure every package, without expense to customers, against loss or breakage. Perishable goods are sent at buyer's risk at all times. Such goods are always in the best of condition upon leaving our hands, but as delay in transportation, climatical conditions, etc., are beyond our control we assume no responsibility for spoiled perishables. Excepting on teas at a dollar a pound, customer must pay postage charges. Packages weighing from 1 to 50 pounds may be forwarded to points within 150 miles of San Francisco. Beyond that distance the weight limit on a single package is 20 pounds.

Parcel Post Rates Are As Follows:

2nd zone 50 to 150 miles	3rd zone 150 to 300 miles	4th zone 300 to 600 miles	5th zone 600 to 1000 miles	6th zone 1000 to 1400 miles	7th zone 1400 to 1800 miles	8th zone all over 1800 miles
5c first lb. 1c each additional up to 50 lbs.	6c first lb. 2c each additional up to 20 lbs.	7c first lb. 4c each additional up to 20 lbs.	8c first lb. 6c each additional up to 20 lbs.	9c first lb. 8c each additional up to 20 lbs.	11c first lb. 10c each additional up to 20 lbs.	12c per lb. up to 20 lbs.

The 12c per lb. rate applies to Hawaiian Islands, U. S. Agency at Shanghai, Alaska, Canal Zone, Philippine Islands.

EXPRESS

We quote below the express charges to a few important points in California, Oregon and Nevada. These charges are for groceries (2nd class) and do not apply to candy, cigars, liquors or other articles classified as first class. If your town is not shown, take nearest point, and figure proportionally.

DOMESTIC BEER

All of the city beer bottlers charge a deposit on their crown-top bottles, as follows: One-half bottles 30 cents a dozen, bottles 45 cents a dozen, as a security for their return, and we are under the necessity of making a similar charge.

THE PRICES BELOW INCLUDE THE DEPOSIT ABOVE MENTIONED. We will refund this money at any time upon return of bottles. We carry all the domestic beers and they all retail at the same price as

Gout and Dyspepsia

THIS SPRING IS THE PROPERTY OF THE FRENCH REPUBLIC

The CELESTINS WATER owes its old and high reputation to the results produced by its use in cases of liver congestion, hepatic-colics, diabetes, and chronic affections of the urinary organs. Its efficacy is recognized in the affections of the digestive organs: gastralgia, gastritis, gastric enteritis and other troubles of the stomach. It is valuable to the gouty and to the dyspeptic. It should be prescribed in moderate quantities; generally two bottles per day.
